

THE UNIVERSITY OF  
**MELBOURNE**

# University of Melbourne – Peking University Science Summer Camp 2016

**18-30 January, 2016**

**The University of Melbourne**

**Themes: Computational Biology, Chemistry & Energy Systems**

## **About the program**

The Science Summer Camp is an opportunity for high-performing Peking students to experience life at Australia's number 1 university, the University of Melbourne.

The program runs annually during the Australian summer. This year, participants will attend a series of lectures and workshops, hosted by leading academics in Computational Biology, Chemistry and Earth Sciences, and enjoy a rich cultural program.

The University of Melbourne will provide accommodation on-campus, airport transfers, most meals, a cultural tour and public transport tickets.

## **Who can apply?**

Places are available for 15 undergraduate students (3<sup>rd</sup> and 4<sup>th</sup> year) from Peking University.
