PhD Programmes

- Accelerator Physics
- Advanced Surgery Technology
- Aeronautics and Space Engineering
- Ancient World Studies
- Angio-Cardio-Thoracic Pathophysiology and Imaging
- Architectural Planning, Design and Technology
- Architectural Theory and Design
- Architecture and Construction
- Art History
- Astronomy, Astrophysics and Space Science
- Automatic Control, Bioengineering and Operation Research
- Behavioural Neuroscience
- Biochemistry
- Biotechnology in Clinical Medicine
- Cell Biology and Development
- Chemical Engineering
- Chemical Sciences
- Civilizations of Asia and Africa
- Classical and Modern Italian Studies
- Clinical/Experimental Neuroscience and Psychiatry
- Communication, Research and Innovation
- Computer Science
- Architectural Design and Restoration
- Documentation Studies, Linguistics and Literature
- Dynamic and Clinical Psychology
- Earth Sciences
- Economics and Finance
- Economics and Finance Models
- Electrical, Materials and Nanotechnology Engineering
- Endocrinology
- Energy and Environment
- Engineering in Computer Science
- Engineering-Based Architecture and Urban Planning
- Environmental and Evolutionary Biology
- Environmental and Hydraulic Engineering
- Experimental and Clinical Epato-Gastroenterology
- Experimental Medicine
- Genetics and Molecular Biology
- History of Europe
- History, Anthropology and Religion
- Human Biology and Medical Genetics
- Immunological and Haematological Sciences and Rheumatology
- Private Business, Enterprise, Work and Rights in a European Perspective
- Industrial and Management Engineering
- Infectious Diseases, Microbiology and Public Health
- Information and Communication Technology
- Innovative Technologies For Skeletal, Skin and Oro-Maxillofacial Diseases
- Life Sciences
- Management, Banking and Commodity Sciences
- Mathematical Models for Engineering, Electromagnetics and Nanoscience
- Mathematics
- Molecular Medicine
- Morphogenesis and Tissue Homeostasis
- Music and Performing Arts
- Oncology
- Pharmaceutical Sciences
- Pharmacology and Toxicology
- Philology and Ancient World History
- Philosophy
- Physics
- Political Economy
- Political Studies
- Psychology and Cognitive Science
- Psychology and Social Neuroscience
- Public Law
- Public, Comparative and International Law
- Roman Law, Theory of Legal Systems and Private Market
- Statistical Sciences
- Social Psychology, Developmental Psychology and Educational Research
- Sociology and Applied Social Sciences
- Structural and Geotechnical Engineering
- Textual, Palaeographical and Linguistic Studies
- Theoretical and Applied Mechanics
- Transportation and Infrastructures
